NASA's Solar System Exploration Research Virtual Institute takes great pride in presenting the student poster competition *Honorable Mention* award to:

James T. Keane

for the poster

***“Hidden in the Neutrons: Physical Evidence
for Lunar True Polar Wander”***

On behalf of NASA's Solar System Exploration Research Virtual Institute, many thanks for your outstanding contribution to the 2015 Exploration Science Forum.

Yvonne Pendleton, SSERVI Director

NASA's Solar System Exploration Research Virtual Institute takes great pride in presenting the student poster competition *Third Place* award to:

Bellaire High School

for the poster

"Hypothesizing the Existence of Zhuque Family in the 5:2 Kirkwood Gap"

On behalf of NASA's Solar System Exploration Research Virtual Institute, many thanks for your outstanding contribution to the 2015 Exploration Science Forum.

Yvonne Pendleton, SSERVI Director

NASA's Solar System Exploration Research Virtual Institute takes great pride in presenting the student poster competition *Second Place* award to:

Christopher Womack

for the poster

***“Design and Development of the Telerobotic Simulation System
for Teleoperated Rovers on the Moon”***

On behalf of NASA's Solar System Exploration Research Virtual Institute, many thanks for your outstanding contribution to the 2015 Exploration Science Forum.

NASA's Solar System Exploration Research Virtual Institute takes great pride in presenting the student poster competition *Second Place* award to:

Nate Marx

for the poster

*“Testing Remote Control for Teleoperated Rovers
using Telerobotic Simulation System (TSS)”*

On behalf of NASA's Solar System Exploration Research Virtual Institute, many thanks for your outstanding contribution to the 2015 Exploration Science Forum.
